

Caribbean

60 minutes datamedia protection to the HIGHEST test standards

Model above is
D37

Are you a photographer, designer or an IT Manager looking for a high quality datamedia cabinet but with limited studio or office space? Well, look no further than the Rosengrens Carribbean. The Carribbean combines a stylish exterior with 60 minutes fire protection, high quality locking, and a generous interior space which can be enhanced with a range of fittings. That's not mentioning the "slam action" type door or the choice of two sizes on offer. Small in size but big on protecting datamedia, the Carribbean cannot be challenged as the only small datamedia cabinet to own...

Product data

Model Caribbean	Ext Dimensions (mm)			Int Dimensions (mm)			Weight (kgs)	Vol. (lit)	Fittings Supplied	Fire Rating
	Height	Width	Depth	Height	Width	Depth				
D37	644	544	566	370	320	320	135	37	Empty	60
D81	723	644	671	450	420	430	195	81	Empty	60

Fire protection: The Caribbean datamedia cabinet has been tested and approved to EN 1047-1 and certified by ECB•S to the fire resistance of S60DIS, which means 60 minutes fire protection. Caribbean also holds an American UL certificate to the Class 125 IH with fire and impact, which means 60 minutes fire protection.

Locks: Caribbean is supplied with a key lock as standard, an electronic lock is optional. Whichever the choice, the locks provided are of high security. The door is of a slam action type and when closed provides full fire protection even though not locked.

Design: Caribbean's smooth design is elegant and ergonomic with its user friendly handles. The colour is off-white RAL 9002 with a dark grey handle and stripe.

Interior fittings: A variety of fittings are available to suit the various types of media to be stored ranging from CD/DVDs, ZIP-drives to DLT tapes. The flexible shelf dividers are adjustable to take maximum advantage of the space available. All fittings are rounded to avoid sharp corners. The door opens a full 90 degrees making all items stored accessible.

Quality and environmental management systems: The Caribbean data media cabinets are manufactured in accordance with the ISO 9001 quality management system and the ISO 14000 environmental management system.
