Micro - 60 minutes datamedia protection

Are you a photographer, designer or an IT Manager looking for a high quality datamedia cabinet but with limited studio or office space? Well, look no further than the Chubb safes Micro. The Micro combines a stylish exterior with a generous interior space which can be enhanced with a range of fittings. That's not mentioning the 60 minutes protection or the choice of two sizes on offer.

Small in size but big on protecting datamedia, the Micro cannot be challenged as the only small datamedia cabinet to own...

QUALITY FEATURES:

Testing

Certified by the main European testing authority ECB•S achieving 60 minutes DIS level according to the European norm, EN 1047-1

Fire Resistance

The Micro offers 60 minutes for datamedia

Manufacture

Manufactured to an ISO9002 accredited quality assured process.

Locking

The Micro 40 and the Micro 80 are both locked by a high security, double bitted keylock. Thus, offering additional for your vital data. Micros have a slam action door ensuring effective protection even if it is not locked.

Construction

Chubb safes three stage barrier materials provide the ultimate in proven fire protection for your computer media.

Base fixing

The cabinet can be anchored the floor by means of a security fixing bolt. Thus providing effective defence against physical removal.

DESIGN FEATURES:

Size

Available in two sizes.

Finish

The safe is finished in a light grey RAL 9002 textured finish

Design

Attractive design with Chubb Safes pull handle for comfortable and smooth operation.

WORKING WITH YOU:

Planning & Installation - The Complete Service

Prior to making a purchase, Chubb safes will guide you through the selection process. This process begins by carefully identifying your security objectives. Once complete, a security solution will be offered together with a free comprehensive installation survey. Chubb safes will then agree with you a flexible installation schedule. The flexibility of the installation process is evidence of Chubb safes commitment towards ensuring the cost and time efficient completion of your purchase.

Chubb safes products are delivered and installed by trained Chubb safes installers. Whatever the delivery environment (e.g. large bank or small office) you can be assured that the installers will take the greatest care. We are also focused on making sure the service on offer is achievable, to the highest standards of workmanship and is promptly completed within the contracted timescales.

CUSTOMISATION:

No two businesses are the same when it comes to datamedia storage requirements. The Micro range will meet your differing storage needs by being customised with fixed shelves, pullout shelves and drawers. For further details and technical information regarding customisation please feel free to contact Chubb safes or your local authorised dealer. As always, Chubb safes will endeavour to provide a customisation solution which meets your expectations.

Please note: The Micro safe is supplied empty. Customisation work available at an extra cost.
